Short-Term Fellowships

5

FEBS Short-Term Fellowships are awarded for the purpose of scientific collaboration, advanced training or employing techniques not available at the candidates' usual place of work.

Fellowships are granted for periods of no longer than two or, in exceptional cases, three months.

Applicants must have a PhD or at least one published paper as a main author in an international scientific journal. They should normally be scientists with no more than six years post-doctoral experience.

Applications may be made throughout the year, but should reach the Chairperson of the FEBS Fellowships Committee at least two months before the proposed starting date.

In order to be eligible to apply for a Short-Term Fellowship, applicants need to be members of a [FEBS Constituent Society](#), to be working in a laboratory in a FEBS country and to be seeking to work in a laboratory in a different FEBS country.

For detailed information, please read the following carefully: [General Guidelines for Fellowships](#); and [Guidelines for FEBS Short-Term Fellowships](#). Application forms can be downloaded from the 'Guidelines for FEBS Short-Term Fellowships' page.
