

THE AWARD

The SPIN program is particularly interested in innovative ideas in the field of immunoglobulin research in neurology as well as novel immunoglobulin therapies for neurological conditions.

Proposals may include, but are not limited to:

Efficacy

Mechanism of action

Safety and tolerability

Quality of life

Pharmacoeconomics

The SPIN Award Program offers €50,000 to the applicant whose proposal best matches the program's objectives, as assessed by an independent Review Committee. The SPIN Award aims to:

Develop novel concepts in immunoglobulin research in neurology

Encourage discovery of beneficial immunoglobulin applications in neurological disorders

Promote research of novel therapeutic options for patients with neurological conditions
