[Our Activities Fellowships](#) Summer Fellowships

Summer Fellowships

3

FEBS Summer Fellowships are awarded to young promising students in a FEBS country wishing to gain practical scientific experience in an institution located in another country within the FEBS area.

Applicants should normally be registered graduate students in a FEBS country who have not yet submitted a doctoral thesis.

Summer Fellowships are awarded once a year. Applications should be submitted via the online application system before April 1st of the corresponding year.

In order to be eligible to apply for a Summer Fellowship, applicants need to be registered students in a FEBS country seeking to work in a laboratory in a different FEBS country. They need not be members of a FEBS Constituent Society.

For detailed information, please read the following carefully: [General Guidelines for Fellowships](#); and [Guidelines for FEBS Summer Fellowships](#). Application forms can be downloaded from the 'Guidelines for FEBS Summer Fellowships' page.
