

SPAIN (ISCIII)

Please note that country specific requirements might apply to this call. For further information follow the links below or contact the national representative.

Funding Organisation	Contact Person	Eligible Institutions	Eligible Costs	Eligibility of PI and team members	Anticipated Amount of Funding for This Call	Anticipated no. of funded research projects	Max./Min. funding awarded to a partner
National Institute of Health Carlos III, (ISCIII, Spain), www.isciii.es	Maria Druet email: mdruet@isciii.es Tel: (+34) 91 822 2530	<ul style="list-style-type: none"> Hospitals, primary health care or public health administration of the Spanish National Health System (SNS) These institutions may manage research via a foundation regulated in accordance to the Spanish Act 50/2002, of December 26th (a copy of the foundation's statutes may be submitted). Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS) Accredited according to the RD 339/2004, of February 27th or RD 279/2016 (These institutions may manage research via a foundation regulated according to the Spanish Act 50/ 2002, of December 26th) http://www.eng.isciii.es/ISCIII/es/contenidos/fd-investigacion/fd-institutos-investigacion-sanitaria/listado-de-iis-acreditados.shtml CIBER or CIBERNED. Team 	<ul style="list-style-type: none"> Personnel costs for temporary employment contracts (scholarships are not eligible). Current costs, small scientific equipment, disposable materials, travelling expenses and other costs that can be justified as necessary to carry out the proposed activities. Overheads, according to AES 2020. 	<ul style="list-style-type: none"> Principal Investigators (PI) can only participate in one project proposal per call. The Principal Investigator (PI) and all members of the research group must belong to the eligible institution or be affiliated to CIBER, CIBERNED or an IIS. <p>Excluded personnel as Principal Investigator (PI):</p> <ul style="list-style-type: none"> Those undergoing a postgraduate training in Health Specialization (MIR, FIR, QIR, BIR, 	400.000€	2-3	<p>Maximum funding per awarded Spanish project partner</p> <ul style="list-style-type: none"> Up to 175,000 € per partner (overheads included) Up to 250,000 € per coordinator ((overheads included)

		<p>members applying to the call must be from at least two groups belonging to CIBER in two different home institutions and one of these two should be a Hospital, primary health care or public health administration of the Spanish National Health System (SNS) or Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS).</p> <p>•Academia or Other Research Centers. These entities can only participate if they apply together with Hospitals, primary health care or public health settings of the Spanish National Health System (SNS), or Accredited Health Research Institutes (Institutos de Investigación Sanitaria acreditados, IIS) in the same proposal. It is not allowed to apply independently, thus there must be two beneficiary Spanish institutions requesting funding to ISCIII in the same proposal.</p> <p>PLEASE NOTE:</p> <p>I. Applicants from ISCIII are eligible. Eligibility criteria from AESI 2020 apply.</p> <p>II. Durations of national grants are up to 3 years.</p> <p>III. Same institution cannot participate with more than one partner in the same project proposal.</p> <p>IV. Only one PI per beneficiary institution may be funded within the same proposal.</p> <p>V. There is no other incompatibility with AES 2020.</p>		<p>PIR).</p> <ul style="list-style-type: none"> •Those undergoing research training (e.g. PhD students, or “Río Hortega” contracts). • Researchers contracted by a RETIC or a CONSOLIDER. • Those undergoing postdoctoral training (e.g. “Sara Borrell” or “Juan de la Cierva” contracts).

Requirements on data and repositories	<p>Researchers funded by ISCIII must make public the human genomic data, as well as relevant data (phenotype and exposition data) generated inside the funded project and will use open access repositories. Researchers must also make public all the necessary information for the interpretation of these genomic data, including lab protocols, data instruments survey tools. Regarding genomic data it is understood: association of complete genomes (GWAS), matrixes of de polymorphism of a single nucleotide (SNP) and sequence of genome, and transcriptomic, metagenomic, epigenomic and gene expression data. The researchers whose projects are funded by ISCIII are recommended to store their scientific data at the "ELIXIR Core Data Resources" or if non-European repositories or data bases they must be certified by ELIXIR or the US National Center for Biotechnology Information (NCBI).</p> <ul style="list-style-type: none">• ISCIII may no fund project that requires the construction of new repositories without decommissioning plans or ensured sustainability after the project's end.
National phase	<ul style="list-style-type: none">• National applications will be required by ISCIII. Spanish Applicants should periodically check in the web page of ISCIII if they are qualified. ISCIII may not send invitations to the mandatory national phase.• Double funding of the same concept is not allowed. <p>Due to administrative and legal regulations, the National Institute of Health Carlos III declares the end of September 2020 as national deadline for the decision on fundable project consortia which include Spanish partners to be funded by ISCIII. Any concerned applicant in a proposal for which no final decision has been made by the deadline, could be declared not fundable by ISCIII.</p>
