

IBRO International Travel Grants 2020

IBRO International Travel Grant aims to foster neuroscience research, especially in less well-funded countries, by providing support to high-quality neuroscientists from diverse geographic and scientific areas (US/Canada Region excluded) who wish to participate at international neuroscience meetings taking place between July – December 2020.

Eligibility Requirements:

- At least one letter of reference is required in order to be considered for this grant. Two is ideal.

Grant amount: Up to 1800 Euros. Priority is given to those who have not obtained funding from this program within the past three years.
