## About Travelling Fellowships

The Company of Biologists' journals – Development (<http://dev.biologists.org/>), Journal of Cell Science (<http://jcs.biologists.org/>), Journal of Experimental Biology (<http://jeb.biologists.org/>) and Disease Models & Mechanisms (<http://dmm.biologists.org/>) – offer Travelling Fellowships of up to £2,500 to graduate students and post-doctoral researchers wishing to make collaborative visits to other laboratories. These are designed to offset the cost of travel/accommodation and other related expenses. There is no restriction on nationality.

## Travelling Fellowships

[Apply \(https://cob.smartsimpleuk.com/s\\_login.jsp?lang=1&prole=0\)](https://cob.smartsimpleuk.com/s_login.jsp?lang=1&prole=0)

Applicants should be working in the field of the journal to which they apply and plan to visit another laboratory. Each application will be judged on the excellence of the candidate, as well as the importance and innovative quality of the work to be done.

Please review the Frequently Asked Questions (FAQs) before completing and submitting your application.

Note: We are unable to pay awards to recipients in jurisdictions, countries or regions of the world subject to sanctions, embargoes or other political trade restrictions put in place by the United Nations, the EU or the UK.

### Guidelines for completing the application form:

- Only one person per laboratory may apply for funding, per funding round, per journal
- Applications are strictly limited to one journal only, per round of funding, per person
- The date of travel must occur within six months of funding being awarded
- Applications will not be considered retrospectively
- We do not provide funds to attend training courses
- Applications will be considered from early career scientists, which includes graduate students and post-doctoral researchers
- The application form and all supporting documents must be completed in English
- Travelling Fellowships can only be awarded once every two years from any of our journals per applicant
- Expenses include travel, subsistence, accommodation, visa fees and bench fees. Travel insurance costs are not to be included in the expenses

- Please attach the following documents to your application:
  - Letter of status from your Head of Department. (Note: If your Head of Department is also your Supervisor, two letters should be written, one in each capacity.)
  - Letter of support from your Supervisor
  - Letter of support from your host laboratory (Note: All letters of support must be in English, on headed paper and signed.)
  - Curriculum Vitae
  - Publication list
- It is your responsibility to ensure that you meet the criteria required for a Travelling Fellowship.

### Conditions of the Travelling Fellowship

1. If your application is successful, you will be required to sign our Travelling Fellowship Agreement.
2. You may only apply to one journal. Please ensure that the chosen journal is the most relevant to your field of study.
3. If for any reason you do not carry out your collaborative visit or it is delayed beyond six months of the award, please email [tf@biologists.com](mailto:tf@biologists.com) (mailto:tf@biologists.com). Please also arrange for the Travelling Fellowship funds to be returned, in full.
4. Any unspent funds must be returned within one month of the end of the visit.
5. You must provide at least two bright, clear photographs and a 250-500 word summary of the results obtained from your visit within 3 months of return from the host lab.
6. You must keep all of the receipts related to your visit and send to the Charity Administrator within one month of completion of your visit. These must be scanned and uploaded via the online application portal.

## Peter Baker Fellowship

This fund is held in trust by the Physiological Society, The Company of Biologists and the Marine Biological Association, and is awarded by the MBA. It is the intention of the Trustees that the Fellowship is used to encourage the interest of young research workers in marine biological research, particularly fundamental physiological research, to which Peter himself contributed so much.

For more information click here (<https://www.mba.ac.uk/selfedit/peter-baker-fellowship-awards-grants>).

## DMM Conference Travel Grants

**Disease Models & Mechanisms** (<http://dmm.biologists.org/>)(DMM) offers Conference Travel Grants of up to £600 to early career scientists wanting to attend meetings and courses relating to the areas of research covered by the journal. We also welcome applications from independent group leaders and PIs with no independent funding.
