3. Co-Applicant(s)

Provide the name(s), address(es) and affiliation(s) of potential co-applicant(s).
CVs are not required for co-applicants.

4. Reviewers

Excluded Reviewers

If you wish to exclude certain [Swiss Bridge scientific jury members](#) from the evaluation process, please provide their exact names and brief reason for exclusion below.

5. Research summary

Research summary

Provide a summary of your proposed research, including key goals.

Note: This is a text only field. If your research plan holds supporting images, please submit them as a separate pdf document.

Relevance / Contribution

Provide a statement regarding the relevance and potential contribution of the project to cancer control.

6. Funding (in Swiss francs)

The amount of financial support requested (max. 250 000 Swiss francs).

Details are not required at this stage.

Please note: The award does not cover any indirect, infrastructure or overhead costs, which must be met by the research institution.

7. Submission

Complete **all fields** in this form before submitting to swissbridge@swisscancer.ch.

Submit

- this application form as a **pdf file**.
 - o this entire form may not exceed **six pages**
- a one page pdf file (research plan with images) **may be submitted** in addition to this application form.
- early enough to allow time to address any identified errors and submit a corrected application prior to the deadline.
